The holder of this form is intending to compete in an Endurance Test consisting of a 20km run/ride with their dog at an average of 10km/h. It is completed in three (3) sections: a short obedience test followed by 1 x 8km section with a 15 minute break and a Vet Check, 1 x 6km section with a 20 minute break and a Vet Check, concluded with 1 x 6km section with a 15 minute break followed by a short obedience test.

I have examined the above dog and certify that the above is correct, and I have not identified any health reason at time of examination that should preclude the dog from participating in the Endurance Test.
